Re: First Wind - Oakfield

Dear Chairman Sholler and Members of the Town of Oakfield Wind Energy Review Committee,

On behalf of the entire First Wind team, I want to express our appreciation for the work undertaken by the Committee and its consultants to identify and respond to issues related to the Oakfield Wind Project. The process has been comprehensive and science based and, in our view, has resulted in a report that fairly describes the issues and reflects sound recommendations. First Wind is committed to working with the Town to implement all of the recommendations set forth in the Final Report.

Thank you for the opportunity to participate in this process, which we believe can serve as a model for other communities.

Sincerely,

Juliet T. Browne
